T-01051B-09-0558

Dear Sir or Madam:

This filing is being made on behalf of Qwest Corporation (QC), Entity Code T-01051B.

Enclosed for filing with the Commission is an original plus thirteen (13) copies of revisions to Qwest's Exchange and Network Services Price Cap Tariff.

This revision proposes to eliminate an optional feature called Talking Call Waiting which "speaks" the incoming calling name. The needed network software/hardware platform supporting this service is manufacturer discontinued with the complete end of any vendor support on December 31, 2009. Customers who seek announcement of incoming calls can obtain, at most electronic stores, equipment that provides audible Caller ID. An example of the customer notice has been attached with this filing.

Qwest respectfully requests that these proposed changes become effective February 1, 2010.

Acknowledgment and date of receipt of this transmittal are requested. A duplicate letter and self-addressed, stamped envelope are attached for this purpose. If you have any questions regarding this filing, please contact me directly.

Sincerely,

Robin L. Terry
